

## Call for application

### JRC Summer School 2026 on the evaluation of air, soil and water pollution

The European Commission's Joint Research Centre (JRC) is organizing the JRC Summer School 2026 on the evaluation of air, soil and water pollution in support of the European Green Deal: a holistic approach.

#### Training and workshops

This summer school aims to strengthen green skills for a more sustainable and resource-efficient society, in line with the objectives of the EU Enlargement policy. It contributes to regional economic growth within the framework of the dual green and digital transitions.

It is organized in partnership with Goce Delcev University (UGD), North Macedonia, a strategic regional and European partner in research, innovation and academic excellence.

Practical information
